Yes, I probably have time today. Go ahead and send them. If I don't get to them I will let you know.

Wow that was fast.
Do you have time to look at the other transfer documents? If not, no worries, I can try to look through them.

Hi Janet,

Ex. 5 Attorney Work Product (AWP)

- The **Shungopavi** PWS and water lines were transferred to the village through the Hopi Indian Tribal Council, but the transfer agreements were between Shungopavi and the U.S.
- **Upper Sipaulovi and Mishongovi** PWS was transferred to the village but the Tribe and Village Water Association both signed the transfer agreement. (For comparison, the Tribe and village also signed the MOA for the New Oraibi/Kykotsmobi PWS.) Although the Tribe signed the agreements, the agreements are explicit that the transfer is to the villages and maintenance is the responsibility of the villages.
- By contrast, the **Lower Moencopi** PWS was transferred to the Tribe and only the Tribe signed the transfer agreement.
- My batch did not contain any documents about the Lower Sipaulovi and Mishongovi systems.

Let me know if you think of anything else I should look for in these documents.

Kimby

Attached are copies of the transfer agreements for all the Hopi water systems. This is the first of six e-mails from Lionel Puhyesva, Water Resources Director of the Hopi Tribe.

Subject: IHS Transfer Documents

Bessie,

Here are the documents, first try didn't go through so will break them down in a few emails.

Lionel
